Funeral Costs

At Roy Folland & Son, we will always make the cost of a funeral clear, providing a written letter of confirmation along with an estimate giving a complete breakdown of all fees that have been charged.

Please Note

It is company policy that we do not collect donations - but we will be pleased to furnish you with address for the relative charity where any payment in lieu of flowers may be sent.

Funeral costs come in two parts:

1. The cost of our services, such as the coffin, vehicles, printing of hymn sheets and professional fees (consisting of all necessary arrangements for the funeral, liaising with appropriate authorities such as hospitals, clergy, etc, obtaining and completion of required documents etc) and removal from place of passing.
2. Disbursements, consisting of fees paid on behalf of the family to Church's, Crematorium, Cemeteries, Ministers, Doctors etc.

In the sad circumstances of a child's funeral under the age of 16, we at Roy Folland & Son will provide our services, a standard coffin and the hearse free of charge.

Please note:

It is a company policy that in the case of any family making a claim for help from the Social Fund with funeral fees, all disbursements **MUST** be paid in advance of the funeral. We do not accept monthly payments.
